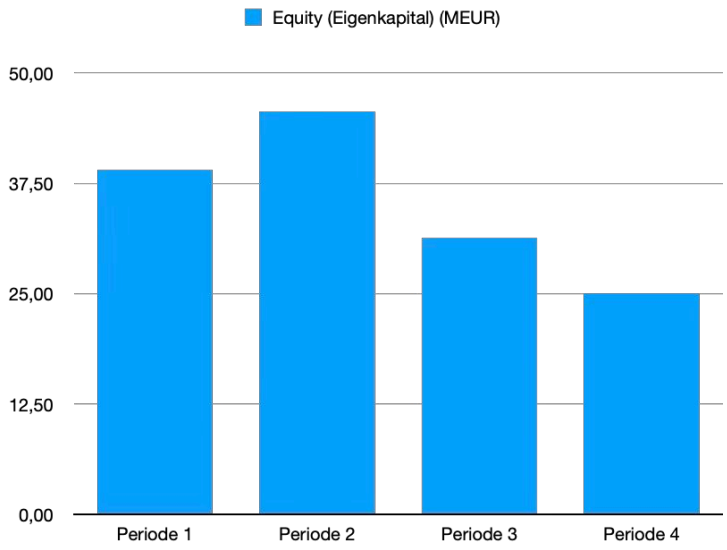
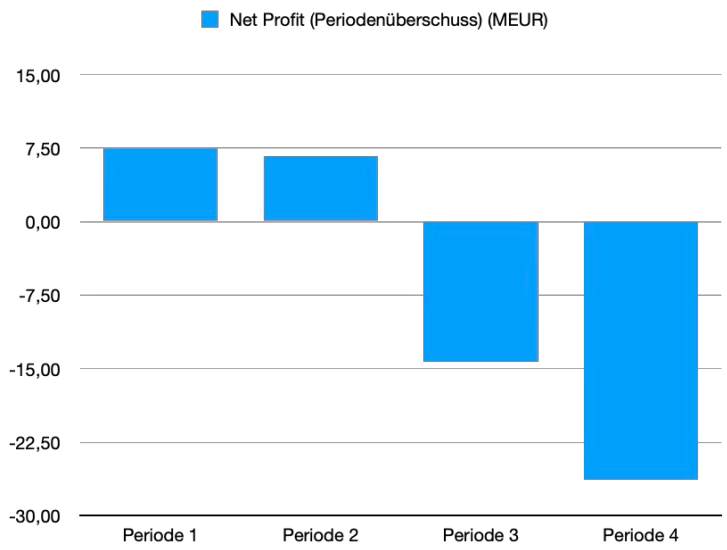
ANALYSEBERICHT Gruppe 2



Equity:

- The increase by 17% in period 2 indicate a good capital base
- Developments from there on are going negative, a sharp decline of -31% and -20% in period 3 and 4 are suggesting significant losses



Net Profit:

- In the second period there was a small decline of -11%, but it was still profitable
- Period 3 marks a turning point with significant losses
- The following period creates an even worse situation, possibly due to rising costs, poor investments, or revenue decline
